

RINGING IN 2025 W/ POSITIVE VIBES & NEWS

The arrival of a new year brings new goals, dreams, and hope for a year that is even better than the last for our friends, families, businesses, and communities. 2025 is no different.

Like I hope is the case for all of you, we are optimistic about what is in store for all of us in 2025 -- as a business, for our clients, families, and employees. Lindsey Architecture has been blessed with the best clients, partners, and employees imaginable. They enable us to grow to new heights year over year. In fact, 2025 is poised to be our best year yet -- with returning and new clients, detailed growth strategy, the biggest project underway in our firm's history, and an excitement for the future that is contagious. And we're just getting started. Stay tuned to your email and social feeds for exciting news to come in the very near future. In the meantime, here's a recap at some of our most recent highlights. [Cheers for a great 2025 to you all!](#)

CITY OF GREENSBORO FIRE STATION NO. 14 RENOVATION SNEAK PEEK

Samet and Lindsey Architecture just completed the renovation of City of Greensboro's Fire Station No. 14. The City of Greensboro selected Samet and Lindsey Architecture under a design-build agreement to renovate the existing Fire Station #14 facility. Comprised of 6,700 square feet, the project entails exterior facade improvements, rework of the vehicle bays, complete renovation of the interior, addition of a new fitness room, women's lockers and showers, renovation of the HVAC, electrical, and plumbing systems. The facility officially becomes activated in February 2025.

Stay tuned for a COG public media event, as well as more completed photography, this spring. Meanwhile, explore additional photos on the following page.
