

WELCOME, SPRING

Spring is in the air. With its arrival comes the promise of new beginnings, growth, longer days, and more fun in the sun.

Lindsey Architecture is excited about the growth ahead for our firm, employees, clients, and community. We look forward to announcing some exciting news in the coming months, which will set the stage for a new chapter of our firm. The past few months have already been full of amazing news, including new hires, new projects, employee achievements, and more.

I'm thrilled to share our news with you.

PTIA VESTIBULES

[READ MORE](#)

The Piedmont Triad Airport Authority (PTAA) sought to upgrade PTI's entry experience for air passengers and guests. The scope included upfitting the entry vestibules, including new automatic sliding doors, flooring, ceiling, and wall treatments. To achieve the renovation goals, the interior columns on the deplaning level were renovated to match the wood cladding on the enplaning level. Additional scope included replacing all of the carpeting in the terminal building, all six (6) escalators, and providing cladding to correlate with the aesthetics of the terminal building. The Lindsey Architecture team also coordinated with the owner and TKE for the installation and lighting controls of the new escalators.

HAPPY ANNIVERSARY EMILY HINTON

Congratulations to Emily Hinton, partner and architect, who celebrates nine years at Lindsey Architecture this month. Thank you for your leadership, talent, contributions to our clients, community, and industry, and your dedication to providing epic client service.

We appreciate you! Cheers to a successful year (and many more!).

WELCOME, BARB VERSTAT

Barbara recently joined Lindsey Architecture as office administrator. Working as an administrative assistant for over 15 years, including for a Midwest architecture firm, Barbara brings a wealth of experience to the team. She has also been an antique dealer for 12 years and currently has a booth in an antique shop in Summerfield. In her free time, she enjoys treasure hunting for antiques, painting furniture, cooking, baking, and trying new recipes.

JUST DROPPED: NEW PHOTOS

New photos of Glen Raven Norlina Expansion just arrived (thanks, Chris Groch!), and we couldn't wait to share this great Sunbrella facility with you. This 330,000-square-foot design-build project (with Samet) added warehouse, manufacturing, office space, and docks, which extends the plant's physical base by 1.5 times and accommodates 200 additional employees. Check out more pics at the URL below.
